Boavista Golf & Spa staff members

Our staff members are trained on the new hygiene and safety procedures such as:

- Use of individual protection equipment in agreement with the tasks they are carrying out;
- Disinfection of areas every hour;
- Basic prevention and control rules (handwashing and breathing etiquette).
- The restaurant has HACCP implemented, follows all suggested measures by DGS and add some extra measures to our health and safety plan.

Aware that this is an embarrassing situation for everyone, we intend to make the next least uncomfortable times for our customers, making a commitment to constant improvement.
